

# KINETICA NEWS

## Director's Message

Fringe is over for another year and we're back to normal - or as close to normal as it can get for Kinetica.

Thank you to all our Kinetica friends and family who helped support us before, during and after our hectic and crazy performance season. Thank you to everyone who came to see our shows.

Also, we'd like to say thank you to all of our trainees (both new and returning) for your patience while we sorted out our timetables and new online booking system.

We're still experiencing some teething issues with the online booking system but like most of you taking our classes – persistence will pay off in the end.

## New Classes For Term 2

For Term 2 we've introduced a number of new adult classes based on the feedback and demand that we've been receiving.

These classes are:

- Adult Trapeze
- Adult Tumbling
- Performance Technique
- Power Hour

Be sure to check out the [timetable here](#) for more details.

## Fringe World 2016 – Dark Matter / Sinsuality

As part of the 2016 Fringe World season, Kinetica was involved in not one but TWO incredible shows – both very different but at the same time, both very Kinetica.

At one end of the spectrum our Dark Matter show involved circus interpretation of abstract concepts and was definitely something outside of our comfort zone as a circus family. It would be safe to say that as a collective, we have evolved and we're very excited to step it up again in 2017.

*Dark Matter Cast – Photo Credit: Dan Zeplin Media:*

At the other end of the spectrum was our collaboration with BarbieQ in Sinsuality and was definitely something outside of the audience's comfort zone – especially those in the "splash zone". Audiences can also expect another fun and wild collaborative effort next year as well!

*Sinsuality Cast*

We would like to say a big crazy circus **thank you** to everyone who came to see any / all of our shows. We could not have succeeded with these amazing shows without your support and we are all looking forward to what's in store for 2017.

## Term 2 2016 Information

Please note the following (inclusive) dates for Term 2:

### Kids Classes:

Term 2 Start: 01/MAY/2016

Term 2 End: 26/JUN/2016

### Adult Classes:

Term 2 Start: 10/APR/2016

## Private Lessons

Are you looking to accelerate your circus development? Need to get stronger? Or more flexible? Or do you want to spend more time specialising in an apparatus? Maybe private or semi-private lessons are just what you need.

In these private sessions (max. of 4 participants) we're able to specifically cater and customise the session so that you get exactly what you want out of it.

Talk to any of our coaches or send us an email and we'll be happy to provide some of the options that we have available that will help you achieve your circus goals.

## Open Training And Practice Times

Need to spend a bit more time working on a new skill that you've learned in class to get them just right? Or do you need to build up the strength and callouses on your favourite apparatus?

Well, Kinetica have open training sessions available to our currently enrolled trainees (conditions apply) so that you're able to practice at your own pace. Bookings are essential. For further information, check out the [website here](#).

## Lost Property

Please check the orange lost property bin for anything that might be yours next time you're in the training space. Any property that hasn't been collected by the end of Term 2 will be forfeited to Kinetica.

## Circus Party Planning

Interested in having a party that's a little bit different and out of the ordinary? How about a Kinetica Circus Party! Kinetica can provide a customised party plan that can include ground stations, aerial stations some great games and a whole lot of fun. And this isn't just for the kids either – we can provide party packages for adults too.

## Term 1 Instagram Winner

Each term Kinetica will be giving away a one-on-one private session as a prize for the best Instagram picture.

To be in the running, take a photo of yourself doing something circusy in our training space, upload it to Instagram including our hashtag: **#kineticacd** and that's it. The more you post, the more entries you get and it will then be featured on our [Facebook page Instagram feed](#).

Here's the winning entry for this term by: [\\_catong](#)

Congratulations! Please get in contact with us to arrange your prize.
